THINK CONCRETE WHEN PLANNING YOUR FEED STORAGE!!

"HOW WILL YOU BE STORING YOUR VALUABLE FORAGES AND GRAINS IN THE 21st CENTURY?"

It's not too early to begin planning your storage and feeding systems for the year 2000 and beyond.

As margins narrow, dairymen need to invest in efficiency: this can have as great an influence on PROFIT as milk price changes.

Protect your valuable feeds from the elements... increase the efficiency of your feeds, your animals, and your labor.

At SOLLENBERGER SILOS CORP. we know a lot about feed storage and handling... we've been in the business since 1908. If your plans call for new feed storage, give us a call... we'd like to contribute to your success!!

"IT'S NOT WHAT YOU HARVEST, BUT WHAT COMES OUT OF STORAGE THAT COUNTS." QUALITY AND QUANTITY...

"This is the kind of silo you need to protect your valuable feed."

MEMBER: International Silo Association/PA Forage and Grassland Council/AM. Society of Agricultural Engineers/Crop Storage Institute.
