# J&D Manufacturing Dump Tank

## QUICK FLUSH WATER TROUGH

J&D Manufacturing has designed our new Dump Tank to save you time and to ensure fresh water for your herd at all times. Stainless Steel construction guarantees durability and a corrosion free life. The smooth finish of stainless steel is easy to keep clean and promotes a cleaner water supply. An Electronic Anti freeze sensor will keep the valve ice free on those cold nights. The quick flush handle allows you to remove dirty water with one easy motion. Take a brush once over the inside to loosen up the dirt and build-up. Step on the tank release catch and dump the tank.

Keep a clean, fresh and adequate water supply and spend only 1 minute a week.

## FEATURES

- Costs much less than concrete tanks that are impossible to keep clean
- Two Interacting automatic fill valves keep the water supply at its designed level
- Electronic Anti freeze sensor keeps lines free of ice
- Stainless Steel construction guarantees corrosion free life
- Smooth finish facilitates easy cleaning
- Poly bearings won't seize up, rust or wear out

Available in sizes to fit your needs

Part#	Length	Description
ST506V	6	Stainless Steel Dump Tank (95 gallons)
ST508V	8	Stainless Steel Dump Tank (125 gallons)

## Mother Nature Meets Her Match

Let's face it—Mother Nature can be pretty hard on that beautiful new deck you just installed. But if you install a BROCK DECK System you can keep your deck looking new and outwit Mother Nature. Available in tan, white, and grey, BROCK DECK cuts just like wood so the design possibilities are endless. But unlike wood, BROCK DECK planks and railings are made of environmentally friendly Hi Polymer PVC. They last years longer than wood and never need stain, paint or sealant. Get the deck that you can smile about even when Mother Nature is at her worst—BROCK DECK Systems.
