**REMEMBER**

The Summer and Fall of 1995???? The extreme heat, the early dry-down of the corn crop, and then the rapid rise in corn prices? And those corn prices are having a dramatic effect on your profits in 1996.

**"THE NEED FOR QUALITY FEED AND GRAIN STORAGE IS GREATER TODAY THAN AT ANY TIME IN RECENT HISTORY!"**

How can we help to make sure that you get a quality corn storage unit constructed before the expected rush in August and September?

Give us a call to discuss early discounts, financing, and unloader options.

Before spending a lot of money to dry, store, handle, and transport your corn crop, you will do well to consider the many advantages of a poured concrete silo to store and protect your valuable corn.

Also, by storing hi-moisture shelled corn (about 25% moisture), you save field losses, and increase digestibility.

MEMBER: International Silo Assn., PA Forage & Grassland Council, AM Soc. of Ag Engr., Crop Storage Institute.

**GIVES YOU A CHOICE OF DISTRIBUTION**

HI-LIFT LEGS

The new advance design Volumaxx unloader gives you the best of both worlds your choice of distribution. New HI-LIFT legs let you raise the unloader an extra 15" into the silo roof, so you can use a conventional side

distributor Or, choose the Jamesway Powermaxx™ broad pan silage distributor. With proper distribution, you'll have better quality feed, and you'll increase your silo's capacity up to 35% And we can prove it!

Volumaxx™ unloader. Expect the best from the leader.

We Carry The Full Line of Jamesway Products!
