ADADC Helps Double School B-Fast Programs

WILKES-BARRE (Luzerne Co.) — The American Dairy Association and Dairy Council, Inc. (ADADC) and the Wilkes-Barre School District celebrated an expansion of the School Breakfast Program this spring. Now, 4,000 more students can benefit from a healthy, nutritious breakfast each morning. These new programs more than double the number of students who will have access to eating breakfast with wholesome milk to start off their school day.

To kick off the expansion, ADADC arranged for the Wilkes-Barre mayor to serve breakfast to the students and remind them of the importance of starting their day with a healthy breakfast. Local media coverage of the event included the "Citizen's Voice," the largest daily newspaper in ADADC's Pennsylvania marketing area. The article informed parents of the new availability of school breakfast for children at three additional elementary schools and a junior high school in the district.
