### JAMESWAY DIRECT X-PRESS

#### NEW BELT FEEDERS & CONVEYORS

Big Capacity Delivery With All The Advantages Of Dependable, Efficient, Low Profile Direct Drive Design!

That's what farmers really appreciate about the new Jamesway family of Direct X-Press Feeders and Conveyors. All models feature a dependable and efficient heavy duty industrial drive, with enclosed oil bath and standard 1, 2 or 3 H.P. C faced motors. Our direct drive design eliminates pulleys, jackshafts, sprockets chains, V-belts and shields, the low profile motor and drive can be mounted on either side for added installation versatility

#### REMEMBER

The Summer and Fall of 1995???? The extreme heat, the early dry-down of the corn crop, and then the rapid rise in corn prices? And those corn prices are having a dramatic effect on your profits in 1996.

"THE NEED FOR QUALITY FEED AND GRAIN STORAGE IS GREATER TODAY THAN AT ANY TIME IN RECENT HISTORY!"

How can we help to make sure that you get a quality corn storage unit constructed before the expected rush in August and September?

Give us a call to discuss early discounts, financing, and unloader options.

Before spending a lot of money to dry, store, handle, and transport your corn crop, you will do well to consider the many advantages of a poured concrete silo to store and protect your valuable corn.

Also, by storing hi-moisture shelled corn (about 25% moisture), you save field losses, and increase digestibility.

MEMBER: International Silo Assn., PA Forage & Grassland Council, AM Soc. of Ag Engr., Crop Storage Institute.

16'x68'  
about 10,000 bu. cap.
