Three Ways To Control Grass On Larger Acreages.

2510 Series Rotary Cutters are available in three hitch designs three point lift pull or semi mount. But no matter what your choice, all models yield outstanding results with general mowing and pasture clipping jobs. Cutting width is 9 feet 9 inches.

Round bladeholders enable the cutter to float over field obstacles and a slip clutch provides driveline protection from shock loads. Deflector shields front and rear are standard equipment. 1/2 x 4 inch uplift blades overlap 3 inches and high blade tip speeds assure better cutting.

Come in and learn more about Bush Hog's 2510 Series Rotary Cutters - your best choice for affordable pasture maintenance.
