## THE ONLY THING SHAKING IS THE COMPETITION

Introducing Kubota's new Grand L-Series diesel tractors. Four compact models with 25 to 37 PTO HP. Designed to take on any job that demands power and mobility. Available in 2WD and 4WD, the Grand L-Series features Kubota's new ETVCs diesel engines that run quiet with cleaner emissions. Operator friendly with power steering, tilt wheel and enclosed muffler for greater visibility. The roomy flat operator's deck is ISO mounted to greatly reduce vibration.

The Grand L-Series has a choice of transmissions, the new fully synchronized main transmission with Synchro-Shuttle allowing shifting-on-the-go through the 4 main gears or the new GST (Glide Shift Transmission) which allows shifting-on-the-go through all 8 speeds, both run smoothly and efficiently with the new larger diameter, larger capacity clutch.

The Grand L-Series powerful hydraulic system, independent rear PTO and 3-point hitch hook up to a wide range of quick-attach implements to handle any job. Kubota's Grand L-Series gives you power, mobility and a smooth quiet ride.
