QUALITY HAY

FLUFFED UP NOT ROUGHED UP

If a storm hits while you're making hay, you'll need the New Holland Model 166 windrow inverter. It helps to dry hay fast, so you can bale or chop sooner. The "166" gently lifts, fluffs and turns windrows without roughing up the hay. So, you move your windrows onto dry ground for faster drying and retain valuable leaves.

For hay that's fluffed up not roughed up, check out the "166" today.

Special Left Over Models

166 Inverter Plain	\$3,825
166 Inverter w/ Hyd Lift	\$3,950
166 Inverter w/ Side Extension Hyd. Drive & Hyd. Lift	\$5,500
