Binkley & Hurst Bros. Is Ready To Deliver A Quality New Gehl Forage Box For Fall Harvesting

YOUR BEST FORAGE BOX VALUE

Gehl's new BU980 Self-unloading forage bdx has been redesigned for improved performance and durability.

Features include:

- True variable-speed drive for infinite unloading speeds
- Single lever control
- Improved beater design
- Stronger drive chain and reinforced roof
- Standard highway light package
- Optional folding 18-inch conveyor extension

Gehl Quality Comes From Your Gehl Dealer, Binkley & Hurst Bros., Inc.

Binkley & Hurst Bros. Inc. has this Quality Gehl Mixer Feeder On Our Lot Ready For Delivery!

Gehl TMR Mixer Feeders Are #1

Nothing can maximize the return on investment in your dairy or beef feeding operation like a Total Mixed Ration (TMR) feeding system. And nothing makes TMR work better than a Gehl mixer feeder. Here's why:

- Better Mixing Action** — Unique four-auger design creates a double figure-8 mixing pattern for fast and complete mixing of all feed ingredients.
- Energy Efficient** — Planetary drive system requires less horsepower.
- Built To Last** — Patented star couplers absorb shock loads by allowing the bottom augers to flex, providing long service life.
- Six Sizes** — From 150 to 500 cubic feet mixing capacities
- Three Styles** — Trailer type, stationary and truck-mounted units to fit your operation.

In Stock Ready For Delivery

GEHL

See Us Soon For A Good Deal!

In fact, you'd probably have a hard time convincing Gehl Mix-All owners to even look at anything else. And why should they?

The Mix-All's big 21-inch wide hammermill features 66 reversible thin hammers that cut, rather than pound the feed to deliver a more consistent grind and ensure uniform mixing for a better feed conversion rate.

Gehl's self-contained hydraulic system is designed-in, not added on. It provides the precision of infinitely variable in-feed attachment control to match tractor power for greater grinding capacity. Plus you get fast, smooth, trouble-free unloading with greater reliability.

And a wide variety of options and attachments lets you customize your Mix-All to fit any operation.

Most Mix-All owners will never buy another.

Get A Super Deal!

Gehl has two all new disc mower conditioners to cut your crop down to size, fast and easy. The DC2340 has 7 discs and a 9 foot cutting width, the DC2360 has 8 discs, and a 10 1/2 foot cutting width.

- Sturdy frame — Cradles the cutterbar for extra protection and durability
- 540 and 1000 rpm driveline with equal-angle hitch for smooth power transfer.
- High speed discs — Each disc has two knives to slice through the toughest crops and conditions the disc gear drive operates in an oil bath for long life.
- Standard hydraulic tongue Makes it easy to position the unit without leaving the tractor seat
