The WOOD MASTER

Hot Water Outdoor Wood Furnace

Model 434 and Model 516

Safety

- Located outside eliminates wood mess and danger of fire in your home.

Quality

- Total in house manufacturing by professionals who take pride and care in their craftsmanship and it shows.

Round Design

- More even heat transfer. Approximately 40% less waste than square cast design, no hard to reach corners.

Versatility

- Makes it compatible to existing systems (forced air floor heat, baseboard, cast-iron, boilers).

Efficiency

- The smart heat battle with the right location also makes the fire drum even more spacious and performance others only wish they had.

Fuel Door

- Spacious air cooled, located in a comfortable tilting height.

Compare

- Workmanship Round Design Efficiency Standard Options overall performance and appearance - and on top of all that competitive price to make the WoodMaster the most affordable outdoor furnace on the market.

Interested in burning your waste and making heat. Here's a different heating system. Burn your scrap wood, sawdust and papers. Heat your shop as well as your home.

Available with the Hoover Air Pump.
