PEAK PERFORMERS

READY WHEN YOU ARE

Durable. Dependable. Powerful. New Holland forage harvesters will be there when you need them, so you can harvest your crop on time, season after season.

Four power-driven feedrolls carry materials into the cutterhead for an even, controlled cut, and the rugged 12-knife cutterhead delivers a fine uniform chop.

New Holland forage harvesters. Ready when you are.

NEW HOLLAND

SAVE TIME

WHIRL-A-FEED® SPINNING ACTION

The New Holland Model 40 forage blower saves you time at the silo. This 1000-rpm blower features a 48-inch diameter hopper that center-fills silos 80 feet and higher. The Whirl-a-Feed® rotary table spins crops into the blower housing, and material gets off to a fast start up the blower pipe. Spinning action breaks up heavy clumps, and virtually eliminates plugging. There's less drag on the fan, and more efficient use of the tractor's horsepower.

Find out how to save time with the Model 40 from New Holland.
