

BEST TURF MOWERS FOR A QUALITY CUT.

The Bush Hog TD Series Tri-Deck Finishing Mowers are available in 15 or 17-foot cutting widths and are ideal for sod growers, golf courses, land owners, municipalities and recreational sites. These mowers are designed for precise cutting on even or uneven terrain...they feature a 30° up and 10° down wing flex and are rated for 40 and 45 minimum tractor horsepower. Gearbox rpm is 540, and deck construction is rugged, 7-gauge steel.

BUSH HOG

A Legend in the Industry... The Bush Hog 2615L Rotary Cutter

Setting the industry standards for performance and reliability, Bush Hog's 2615 Legend Flex-Wing Rotary Cutter is in the clear choice for maintaining pastures and rights-of-way on even and uneven terrain. With a big 15-foot cutting width and wings that flex from 90° up to 22° down, this rugged cutter gives you fast, on-the-go control of all mowing functions. Cutting height is from 2 to 14 inches and cutting capacity is recommended for material up to 2 inches in diameter.

ROTARY CUTTERS

New for 1986!
ROTARY CUTTERS
WITH
COUNTER-ROTATING
GEARBOXES

For shredding cotton, milo, corn, wheat stubble and other crops, the CR14R (counter-rotating, 14-foot rigid cutter) and the CR15F (counter-rotating, 15-foot flexwing) are revolutionary cutters in both design and performance.

The gearbox design features twin shaft operating in opposite directions. The lower blade lifts and cuts the material, and the upward air flow lifts the cut material into the path of the counter-rotating flat blades. These blades continue the shredding process resulting in near flail performance for shredded material. And good distribution, important in minimum and no-till farming, is also a benefit.

BUSH HOG

S121 & 176 Rear Blades

Loaded with Features for Better Performance,
Easier Control and Durability.

- Choice of manual or hydraulic blade adjustments
- Reinforced, high-strength hitch construction
