- Spacious, comfortable, full-view cab

CLAAS

The Harvesting Specialist

Corn heads that get the ears the other heads leave behind.

MF 800 Series corn heads.

These Quick-Attach heads are designed and built to save more crop when the going gets tough.

■ Reduced snapping angle.

Long snouts with low hinge points, and 23 degree angle of snapping units lifts low hanging ears and slides under down tangled crops to get lodged ears that other heads just can't

■ Hinged dividers.

Center and outer dividers are hinged for quick, easy access to the snapping rolls, plates, gather chains, vine knives and grass shields

■ Quick-Adjust snapping plates.

All left-hand snapping plates can be quickly adjusted from one convenient location to match crop and conditions

Hook up of Quick Attach heads is made easier with reliable, heavy duty PTO style drive shafts

■ Cross auger.

Rugged 14 in (310 mm) auger with 4 in (100 mm) flighting moves crops smoothly and evenly into the feeder elevator Choose standard auger flight extension or optional spike tooth center section for weedy conditions

■ Choice of sizes

MF 800 Series corn heads are available for four six and eight rows and spacings from 28 in (710 mm) to 38 in (965 mm) depending on model

1981 Gleaner N6 Combine (SNKO4189H) w/ 2/8 Flex Grain Head
