## FARMI

### GRAIN MOISTURE TESTER

- Features:
- Direct Analog Readout for 4 Grains: Corn, Soybeans, Wheat and Sorghum. Conversion chart for testing other common grains.
  - Easy to Use: Just fill the test cell with grain, screw on the cap, and press the "test" button.
  - Accurate: Measuring repeatability through out the normal range of stored grains is within 0.75% of the U.S.D.A. air-oven standard.
  - Calibration Adjustment: A fine-tuning screw on the bottom allows the user to change the calibration up to 2% to agree more closely to his local elevator.
  - So Tough, So Dependable, It's Warranted for 2 Years! Built from strong, but lightweight aluminum for maximum protection. As sturdy as any electronic instrument can be.
  - Convenient, Vinyl Carrying Case keeps tester clean and protected. Handy shoulder strap makes climbing easier and safer.

SPECIAL PRICE - \$99.99

## CHORE-TIME ...nobody knows more about feeding

Chore-Time Model ATF Feeder with polypropylene pan shown. Also available with galvanized steel pan.

### The Right Choice in turkey feeders

**RUGGED POLYPROPYLENE** construction of Model ATF pan is available for permanent corrosion-proofing. Material has an ultra-smooth surface so feed and dirt won't stick, so it stays clean. Our polypropylene also has a special ultraviolet inhibitor. Liberal 5-year pan warranty! Ask for details.

**FEED SAVER FEATURES:** unique "V" pan shape lets you maintain a low feed level; feed-saver ring: 2 1/2" pan lip to catch feed.

**FEED PAN DEPTH** on Stage 3 Feeder is 5-1/2 inches; 8-week old birds or the largest toms can reach feed.

**New Shape**  
The difference is the shape of the feeder's trough (at right). ULTRAFLO II's higher trough lip reduces feed waste by keeping it in the trough and not on the floor or in the pit.

### The Right Choice in cage feeders

Chore-Time's popular ULTRAFLO Cage Feeding System is now even more outstanding! We've developed and tested the second generation of ULTRAFLO feeders and named it the ULTRAFLO II. ULTRAFLO II offers you even greater reliability, durability, and outstanding feed-saving performance—up to 1 gram of feed per bird per day—over the original ULTRAFLO. And even the original ULTRAFLO was beating our competitors in feed savings!

So, join the cage feeding leader. Contact us today. Find out how Chore-Time and ULTRAFLO II can help you be a leader, too!
