NEW N4640Bt (X4734CBR) RM: 102

- All the agronomic advantages of N4640.
- Northrup King Bt technology adds the most effective, season-long resistance to European corn borer available.
- Also provides some protection against fall armyworm and corn earworm.
- Responds well on most soils under the same management as N4640.

NEW N6800Bt (X6534CBR) RM: 110

- The same solid agronomic characteristics and disease package as N6800.
- Northrup King Bt technology provides exceptionally strong resistance to European corn borer from emergence to black layer.
- Also offers some protection against fall armyworm and corn earworm - an increased problem with late planting and no-till.
- Adapted to the same areas and management practices as N6800.

NOW THERE'S SEASON-LONG PROTECTION.

YieldGard is a trademark of Monsanto Company.
