J&D Manufacturing Dump Tank

QUICK FLUSH WATER TROUGH

J&D Manufacturing has designed our new Dump Tank to save you time and to ensure fresh water for your herd at all times. Stainless Steel construction guarantees durability and a corrosion free life. The smooth finish of stainless steel is easy to keep clean and promotes a cleaner water supply. An Electronic Anti freeze sensor will keep the valve ice free on those cold nights. The quick flush handle allows you to remove dirty water with one easy motion. Take a brush once over the inside to loosen up the dirt and build-up. Step on the tank release catch and dump the tank.

Keep a clean, fresh and adequate water supply and spend only 1 minute a week.

FEATURES

- Costs much less than concrete tanks that are impossible to keep clean
- Two Interacting automatic fill valves keep the water supply at its designed level
- Electronic Anti freeze sensor keeps lines free of ice
- Stainless Steel construction guarantees corrosion free life
