CUSTOM BUILDING SYSTEMS

If you need an unusually large or complex building such as a field house, arena, automated warehouse, shopping mall or building with over-head cranes - the proven design expertise and construction experience of a major building systems supplier can save you time and money. Our computers contain over 300 proprietary programs for structural design and analysis. We'll meet your custom needs quickly, with as many cost-saving standard components as possible, to offer you all the advantages associated with Butler building systems.

Outside: Your Choice

The appearance of your new building is a critical factor. You just tell us what you'd like and we can build it! Our structural systems are designed to give you complete freedom in planing the size and shape of your building.

Butler shop buildings are built to give you years of high-use value, low maintenance and maximum comfort. Solid, practical design and rugged steel construction make Butler buildings durable and functional for years to come.

If you are interested in any of the following buildings, please send us information on the checked.

- Mini Storage Building
- Shop Buildings
- Commercial Building
- Stone Building
- Storage Building
- Office Building
- Building with Overhead Cranes
