SUPER CHIMNEY
 2100
 and
SUPERPRO
 2100

Stainless Steel Chimney Systems

SuperPro 2100 Chimney Features 25 Year Warranty

DS/316 Stainless Chimney Liners Also Available

... For New Construction Why Not Examine The "Chimtek Difference."

Chimtek Inner Liners are made of volcanic pumice and high-temperature refractory cements. Its round shape provides even temperature inside flue and contributes to efficient flow of smoke and flue gasses. The volcanic pumice in Chimtek liners adds considerable insulating value.

All three chimneyliner systems distributed by DS Machine Shop are of super design, super performance, and super value. With all their advantages these chimney systems often cost no more than ordinary chimneys. Write or call us for more specific liner information.
