Perfecta II

This May Be
Just The Machine
You Are
Looking For!
Available In
Sizes From 4'
Up To 28'

Economical investment. The Perfecta II is an affordable choice that keeps paying dividends. Maintenance is minimal and the Perfecta II handles trash and rocks like no other tools can, so costly downtime is virtually eliminated. Initial investment is one-third that of a comparable sized disk.

Two-row (shown) and three-row corn attachments are available in narrow or wide row models. The two-row unit fits all three harvesters while the three-row unit fits both the Model 1065 and 1265

Both corn attachments feature a patented rotor cutting system to feed stalks to the stationary cutting knife. Stalks are grabbed individually for minimal loss. With 3-inch wide crested gathering belts, the whole stalk and ears are delivered to the cylinder. The same sprocket powers both the gathering belts and the rotary knives. This simple system means less weight, less vibration and less maintenance.

Preowned Traded On Case Repossession
With Purchase Price of Only \$17,900

UNMATCHED CAPACITY
