USDA-OK Dept Ag Market News
Oklahoma National Stockyards - Weekly
Cattle Summary

Compared to last Monday: Light supply of feeder steers and heifers steady. Demand good for feeders. Steer and heifer calves steady to 2.00 lower with light to moderate demand. Calves comprised bulk of supply with greatly increased supply of Brahma cross calves. Quality of supply plain to average and well below last week. Calf flesh continues fleshy. Weigh-ups gaunt to average. Although calf market structure is not improved from last fall cow men are marketing calves in a normal fashion. Spring born calves are being sold on schedule. Last fall many calves were held over in hopes of market improvement. This does not appear to be happening this year. Slaughter cows 1.00-1.50 lower. Slaughter bulls 1.00 lower. Demand light to moderate. 850 cows and bulls sold with 80 percent to packers. Receipts this week 15,300;

last week 14,186; last year 11,475. Supply consisted of 46 percent yearlings and calves over 600 lbs; 48 percent calves under 600 lb; 6 percent cows and bulls. Prices follow with weighted average weight and price in parenthesis.
