

The new generation of Belarus.
For a new generation of farmers.

Exceptional value. That's what cost-conscious farmers expect from hardworking Belarus tractors. But after twenty years we feel it's time for a change. So we've updated the features and styling of our new 5000 and 9000 Series while keeping everything that makes Belarus so dependable.

Take our new synchromesh transmission, for example. It offers 14 forward and 4 reverse speeds for easy-to-shift power. Plus, an improved turning radius provides greater maneuverability for a whole range of applications.

See your local Belarus dealer for a test drive and see for yourself.
