The corn cracker can be changed in 5 minutes to switch from corn to hay. The Jaguar's efficient processing produces quality silage for higher milk production.

The operator can safely sharpen the chopping knives and precisely adjust the shearbar from the driver's seat automatically.

The efficient cutting system has a full width metal detector 30" wide chevron cutting drum and full width 8-blade accelerator.

The unique top to back cooling system with rotary air screen assures excellent, clean cooling.

Service is easy because compartment covers quickly swing open to provide easy access to the engine and cooling system.
