JUST TRADED 1995 Model 820 4 Wheel Drive Forage Harvester with 6 Row Folding Corn Head & 10 Ft Hay Pickup

OPEN HOUSE

WHY SHOULD YOU BUY A NEW MF 399?

12 GOOD REASONS COME RIGHT TO HAND.

The new 12x12 Side Shift transmission puts the shift lever where it belongs - to the right of your seat.

Plus the shuttle lever is on the steering column so you can change directions with your left hand while operating loader controls with your right hand.

The 12x12 Side Shift synchronized shuttle transmission gives you 12 great reasons to come in and test drive a 70-95 hp* MF 390, MF 390T or MF 399 tractor today.

* Manufacturer's rated PTO horsepower.

The corn cracker can be changed in 5 minutes to switch from corn to hay. The Jaguar's efficient processing produces quality silage for higher milk production.

The operator can safely sharpen the chopping knives and precisely adjust the shearbar from the driver's seat automatically.

The efficient cutting system has a full width metal detector 30" wide chevron cutting drum and full width 8-blade accelerator.

The unique top-to-back cooling system with rotary air screen assures excellent clean cooling.

Service is easy because compartment covers quickly swing open to provide easy access to the engine and cooling system.
