Fransgård

Fransgård GT 250P Blade

Hydraulic adjustment of the blade ensures the right working position.

Can be turned around and used as a dozer blade

Hydraulic adjustment of the beam ensures the correct side adjustment.

width 8', 2" weight 1550 lbs.

DELTA

CHAIN HARROWS

Pasture Renovation & Maintenance

Spreads and incorporates manure, thatches dead growth, aerates soil, increases moisture penetration, renovates pasture by preparing soil for seeding while stimulating existing growth. Spreads and incorporates lime or fertilizer, covers broadcast seed for better germination.

COLE Planting Equipment

Set up for planting by mounting our famous Precision Planter to the main frame. Accurately plants corn, squash, okra and similar seeds in hill or drill. You simultaneously plant and side-dress.

ELHO BALE WRAPPER

PATU DC 65 WOODCHIPPER

Patu DC 65 is a 3-point hitch mounted disc chipper for tractors 20-45 hp. With its four knives it will efficiently chip limbs, slabs or whole trees. The maximum infeed diameter is 6 1/2 inches. Other sizes available.

Model	Capacity	Min. HP
DC40	4"	15 HP
DC65	6.5"	30 HP
DC100	10"	40 HP

HOWARD Rotavator

New model HR12 available in 50" & 60" working width. Standard with slip clutch and gear side drive. The HR12 has a moveable hitch to allow the tiller to offset. Howard Rotavator offers tillers from 40" to 160" wide.

SWEEPSTER

Efficient Two-Way Angling Increases Productivity

Get the job done faster with the NEW Model C36TW featuring efficient two-way angling. The C36TW won't let site restrictions stop you from getting your clean up job done quickly.

New Gandy Dethatcher/Slit Seeder helps make grass faster.

Introducing a new 48"-wide unit that creates slits on 2" centers and produces a separate disk opening. This allows seed to be accurately placed for excellent seed-to-soil contact. Get faster, thicker growth.

Precise metering assures even seed distribution, even bentgrass.

Quieter operation with poly-chain belt drive keeps peace on your course.

Can be ordered as dethatcher only.

Narrow, fluted blades of spring-steel are heat-treated for strength. Tractor-operated with as little as 18 HP.

Pneumatic tires won't mar turf like skids do. Gang roller optional.

Limited 1992 production run. Call now to order this innovation in renovation.

MULTIVATOR HIGH CLEARANCE

ROTARY TILLERS

Cultivate during growing season • Custom assembled
Incorporate crop residue • Strip till before planting
15 to 150 HP tractors • 1 to 8 row options
For vegetable, fruit, nursery and field crops - when you need a cultivator, think MULTIVATOR!
