

WELCOME TO FARM SHOW

PENN JERSEY PRODUCTS, THE AREA'S AUTHORIZED HARVESTORE® PRODUCTS DEALER, INVITES YOU TO STOP BY BOOTH # 273 TO SEE THE RECENT INNOVATIVE ADDITIONS TO THE HARVESTORE® FAMILY OF EQUIPMENT.

• **New Push Button Fill Doors™**

Opening and closing the doors at the top of a Harvestore structure is as easy as pressing a button at the convenient ground-level control panel.

• **New ForceFlo™ Unloader for High Moisture Corn**

Grain has little opportunity to compact and harden because gravity-fed grain is blended with grain removed from the bottom of the structure on every rotation.

• **New Model 1220 Slurrystore® Pump**

Pumps up to 4,300 gallons per minute.

• **New Alliance™ Unloader**

State-of-the-art unloading featuring the new Arm Advance Sentry™ arm control and Hydra-Force™ oil spray lubrication system.

• **New 30-in. Flared Nose Trough Design**

More consistent delivery and transfer of feed from cutter chain to conveyor chain.

• **Remanufactured Goliath™ Unloader**

Completely remanufactured by the experts at Penn Jersey. Includes new Harvestore Products remanufacturing kits for the unloader, the main drive, and the chain tightener, as well as a rebuilt gearbox.

Talk to our very knowledgeable service and sales staff, many with 20 or more years of Harvestore Products experience!
