

Belarus

8011L • 81 HP

9011L • 98 HP

**BELARUS VALUE. IN MORE WAYS THAN ONE.**

Introducing two big changes in how small jobs get done. The 8011L and 9011L offer a low clearance design and tight turning radius that provide even higher levels of maneuverability. Yet they still manage to offer the same durability, value and affordability you expect from Belarus.

Choose from the 8011L and its tough 81 hp four cylinder

water cooled engine or the 9011Ls turbo charged 98 hp. Both engines have strong torque characteristics. Add it all up and you've got utility tractors ideal for every type of operation from orchards and vineyards to poultry operations and grounds maintenance. But the exceptional value doesn't stop there. The 8011L and 9011L offer

excellent lift capacity for front end loader applications. Other impressive features include power assisted steering and a fully adjustable seat for operator comfort and convenience. Combined with their ease of maintenance and servicing, it's not hard to see how Belarus makes even the smallest jobs easier in a big way. That's the Belarus value.
