### NY Phil Frozen Eggs

JANUARY 10, 1997

Prices were lower for whole egg and yolks, and whites were unchanged. The market tone stabilized at the new lower price levels. Demand increased and was moderate to good. Supplies were generally adequate. Raw material supplies were also usually adequate, but seller confidence increased as floor stocks cleared and inquiry increased; thus, the undertone was steady to instances firm. Liquid and frozen eggs (ingredients included) processed under federal inspection in the East for the week ending January 4, 1997 were 7% more than last week, and 4% less than the same week last year.
