## AN OPEN LETTER TO BADGER EQUIPMENT CUSTOMERS

Very soon, new Badger farm equipment will once again be rolling through the countryside, wearing its familiar green color and well-known Badger name. We are very pleased to announce that as an affiliate company of Miller-St. Nazianz, we have purchased the product lines and parts business of Badger Northland, and we plan to begin immediately to rebuild the proud Badger brand.

**PARTS FIRST.** Our first priority will be to restock the parts pipelines to help you keep your Badger equipment operating in top condition.

**NEW EQUIPMENT.** As soon as possible, we will begin to build new Badger equipment, and later introduce several new products as well. The major product lines will include forage boxes, forage blowers, silo unloaders, barn cleaners, manure tankers and pumps.

**A PROUD HERITAGE.** Miller-St. Nazianz designs, builds and markets the Miller Pro brand of forage boxes, running gear, dump boxes, rotary rakes, crop sprayers, commercial truck sprayers, field cultivators, and hay and grain elevators. We have been in business for nearly 100 years, and enjoy a very high customer satisfaction rating. It is the new company's plan to maintain the proud heritage of Badger, and to produce exceptionally high quality Badger products.

**FOR MORE INFORMATION.** If you have immediate questions, please contact your local Badger dealer. We will keep you informed of our progress, and look forward to serving your needs and providing you with quality Badger parts and equipment.
