Servis-Rhino's unique product line is one of the most expensive in the industry. Rhino holds the industry record for new product introductions with over 50 in the past 36 months. For example, Rhino offers three new Hydraulic Boom Flail Cutter models:  
 Servis® 1948 Horizontal reach 18'8" Cutting capacity 1 1/2" with 48" head, 4" with 37" head  
 Cutting width 37" or 48"  
 Servis® 1548 Horizontal reach 15' Cutting capacity 1 1/2" with 48" head, 4" with 37" head Cutting width 37" or 48"  
 Servis® 1348 Horizontal reach 12'10" Cutting capacity 1 1/2" with 48" head, 4" with 37" head Cutting width 37" or 48"  
 Rhino Hydraulic Boom Flail Cutters also eliminate the need for complicated mounting kits - leaving your tractor free for other uses.

**GEHL Scavenger® Manure Spreaders**

**Several In Stock!**

**In Stock at Binkley & Hurst**

**THE BEST JUST GOT BETTER!**

Better Performance. Gehl Scavenger®, the original V-tank spreader, has built a well-deserved reputation for delivering unmatched performance in a wide variety of materials. The new Scavenger takes that performance to the next level with even better spreading patterns in the toughest heavily-bedded manures.  
 Increased Durability. Not only has the new Scavenger been designed to out-perform all other V-tank spreaders, but the main drive system components have been beefed up for extra durability and increased dependability.  
 Why is Scavenger the Best? One big reason is the unique new round-core auger. This super feature segments paddles grouped in a spiral pattern. This fighting configuration delivers more material to the discharge expeller in less time for faster unloading. The paddles are precisely positioned to deliver more uniform feeding to the discharge expeller. This exceptional design breaks up and blends all types of manure.  
 The auger is hydraulically powered both up and down (unlike competitive units that use springs, gravity or fixed augers). This design provides more control to chop through bridged material or power down through heavy loads.  
 Outstanding Application Control. Gehl's proven Verilo discharge system has been made even better. It's 33 percent wider on the Model 1315. On all new models the expeller assembly has been significantly strengthened. New square-tooth expeller paddles spread smoothly and evenly. You choose the rate you want, from heavy spring-time spreading to light top-dressing. With Scavenger you have complete control right at your fingertips.  
 Scavenger is Simply Better. The Gehl Scavenger is a simple spreader. It's solid and durable with sealed, welded tank construction and a full length channel steel sub-frame. Every Scavenger is built to deliver top performance year after year. Your Gehl Dealer can show you why the new Scavenger V-tank spreader is still the best.
