Reaching the top is easier if you have the AGCO- Allis 7600 tractor pulling you up

## Make Your Way Up Your Own Corporate Ladder.

The 89 PTO hp engine has the power to muscle through most any job. This multi-purpose, row-crop tractor has a standard synchronized transmission with 24 forward and 12 reverse speeds. For your convenience, you can choose between the cab or rops with an optional canopy.

- A direct air-cooled diesel engine powers the tractor and delivers maximum strength through the full speed range. So you're able to get more work done using less fuel, doing less shifting and requiring less effort to operate the tractor.
- This also lets you match engine power to ground speeds for more efficient field work.
- The AWD models feature true centerline drive shaft for more efficient power transfer and less maintenance.
- Like always, every AGCO Allis tractor comes with a 4-year/4,000-hour warranty that's backed by your dealer.

To see what the 7600 tractor can do for you, just stop by and see us. You'll be surprised at how fast you'll climb.

AGCO Allis 7600

Great Ideas. Good Business.
