

Vitamix Makes Antibiotics Obsolete! You Can Sell The Milk When You Use Vitamix Instead Of Antibiotics

A dairyman's helper gave a cow an antibiotic and forgot to make a written record of it. He then went on vacation and for the next five days, the milk from 900 cows went down the drain!! The \$42,000.00 lost would have bought enough *Vitamix* to last for years and years for that dairyman's whole herd.

You can sell the milk when feeding *Vitamix*. *Vitamix* is a mixture of vitamins, minerals, enzymes, electrolytes, and proteins, especially calculated to feed the immune system. *Vitamix* is the result of over 20 years research and over 20,000 feeding experiments. *Vitamix* ingredients are so micro pulverized and easily digestible that some of them melt in the mouth and are absorbed into the bloodstream while the cow is still chewing her feed. Her organs increase the output of antibodies (white cells) within minutes, and can often double the output of antibodies within one hour after consuming *Vitamix*, and you can get *Vitamix* without a prescription. *Vitamix* is all natural. You just put *Vitamix* in the feed whenever there are symptoms of a contagious disease or infection.

The cow's immune system can cure any and every kind of contagious disease and infection quicker, safer, more consistently than any medical drug in the world when you support the immune system. The immune system is the only real defense. I keep cows and horses for feeding experiments. The last time I used an antibiotic was in 1984 and haven't lost a cow, calf or horse since I quit using antibiotics.

Any time any human or animal gets a contagious disease or any kind of infection, it is for one reason, and one reason only; The immune system failed to do an adequate job of defending against it. In other words, the immune system let you down.

Every time you use antibiotics, sulfa drug or an immune stimulator; you weaken the immune system. See the Physicians Desk Reference (PDR) for more information on the side effects of antibiotics. The information in the PDR was provided by the drug companies that make the drugs as required by law.

Shouldn't we be feeding the immune system instead? Support the immune system. Their lives and health depend on it. Feed *Vitamix* every time for every contagious disease or infection.

Vitamix is the best procedure in the world for Mastitis. It is quick and easy and you can sell the milk when feeding *Vitamix*.

How long does it take when you take the "Support the immune system approach?" I have seen calves that were down, had high fever, bloody scours and were dehydrated. One needed help to hold its head up. The only thing I gave them was *Vitamix* and water. In three hours, I had to run them down and get them cornered to give the *Vitamix*. Dairyman tell me that *Vitamix* is faster than anything else they ever used.

When there is a serious case of anything contagious or infectious; I give *Vitamix* once an hour for three hours, or until they are back on their feed and doing noticeably better. I continue *Vitamix* six times

daily for a few days. *Vitamix* typically costs only \$2 to \$3 a day for a cow (less for a calf). The total cost for one cow for one illness is typically \$8 to \$10 from start to finish.

Vitamix costs less than antibiotics, and you can get it without a prescription. *Vitamix* is completely drug free!!! You can sell the milk when you use *Vitamix* !!! (**When you use antibiotics, you pour the milk out for 5 days, sometimes more. You risk making a mistake and pouring all your milk out for 5 days or more.**)

You save money **Every Time** you use *Vitamix*. Get some *Vitamix* now to keep on hand. Use *Vitamix* as soon as you see symptoms of anything contagious or infectious. You will know you did the right thing within hours.

Preventing and curing all contagious disease and infections boils down to this. Increasing the capacity to produce white cells (Antibodies). All white cells are made by the bone marrow. Antibiotics cause "bone marrow depression" thereby reducing its ability to make white cells to fight diseases and infection (See Physician's Desk Reference Book [PDR]).

I have done over 20,000 feeding experiments on healing the body, and have yet to find an incurable contagious disease or infection.

Why sit around waiting for a miracle? You can order *Vitamix* right now. Miracles are great and they do happen now and then; if you wait around one might happen for you. But the immune system is a miracle. You can order *Vitamix* today and keep it on hand, then you will have it when you need it.

Vitamix ...when you need a miracle. The best source of information about *Vitamix* is people who have used it. Ask a friend about *Vitamix*.
