

MORE CONTROL

DESIGNED FOR TOTAL PERFORMANCE

The superior design and greater flexibility of the New Holland Model 900 put you in control. This forage harvester is designed to meet the needs of big-crop producers. You get capacity, reliability and efficiency.

- The massive 21-inch cutterhead uses hardened alloy knives with tungsten edges for a uniform chop.
- Under-knife baffles reduce crop carry-over and increase chopping capacity.
- Exclusive flip-up feedrolls let you inspect the shearbar and smooth roll scraper.
- The electric clutch provides immediate response and positive control of reversing gearbox.
- Optional Metalert® III protects equipment and livestock.

Get in control, with a New Holland Model 900 forage harvester

THE RELIABLE ONE

TOUGHER THAN THE REST

The New Holland Model Lx565 Super Boom™ skid-steer loader is tougher, more durable and more reliable than ever.

The "Lx565" offers a 40 horsepower diesel engine with an SAE load rating of a powerful 1,500 pounds.

The Pick Up 'n Go™ universal attachment system makes it compatible with New Holland and competitive attachments. The strong boom design and massive loader pins make it more reliable. And the quick engine access makes it easier to service.

See what makes the Super Boom so tough.
