The new Mueller® Sentry™ is the only refrigeration control system
that gives you all the information you need to monitor your milk
cooling and cleaning functions at a glance. And Sentry allows you to
control and customize all cycles to fit your milking schedule. With
Sentry, cooling control has finally entered the Information Age.

MUELLER
DAIRY FARM EQUIPMENT

Scroll-Compressor Technology

New in 1994

You may pay less for some
dairy farm equipment...
but it can cost you more!

Equipment cost is
not the only cost of
cooling milk

In the long run, total operating costs of a Mueller® milk-cooling system are generally substantially
less than those of "bargain-brand" milk-cooling equipment.

Example	Mueller	Competition
Cost of equipment	\$31,000	\$28,000
Cost of electricity @ 08 kW for 12,000 Lbs milk/day for 10 years	\$17,550	\$22,850
Total operating cost for ten years	\$48,550	\$50,850
Savings	\$2,300	

Contact your Mueller distributor for further comparisons.
