

DEPENDABLE PERFORMANCE

NEW HOLLAND

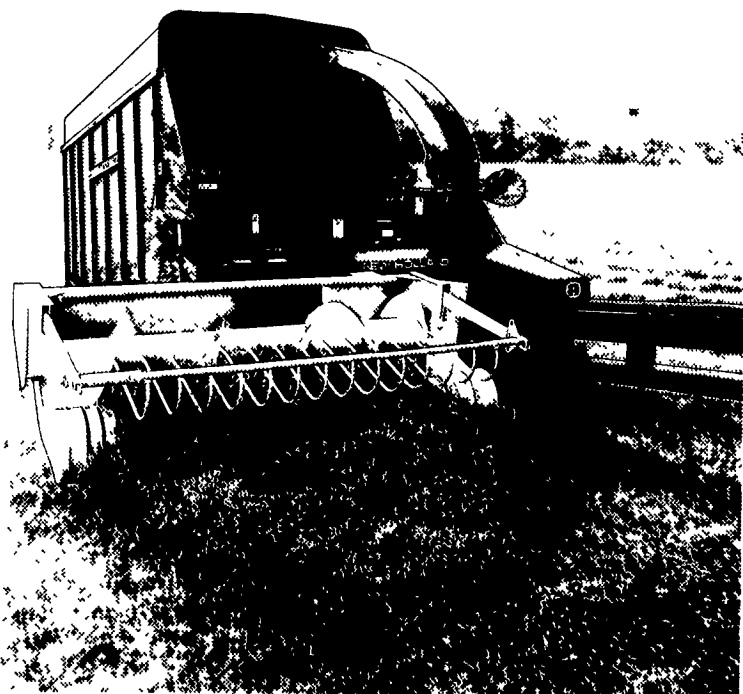

THE FORAGE EXPRESS

New Holland FX45 still dominates all choppers with:

- 450 hp engine
- 30-inch wide, 12-knife cutterhead
- Metalert® III for metal detection
- 210 gallon fuel tank for full-day operation
- Knife sharpener and shearbar adjust in cab
- Convenient, comfortable, high-visibility cab

PROTECTION BY DETECTION

Your equipment and livestock are important to you. Protect them with a New Holland forage harvester equipped with Metalert® III metal detector. Metalert III stops the feedrolls before the detected metal can damage the cutterhead or get into your feed. Available on the Models 790 and 900

MORE OF THE THINGS YOU WANT

More capacity, improved reliability and better bale shape.

- **Big Capacity.** Wide, Super-Sweep™ pickups get the short, fine hay ordinary pickups miss.
- **Efficient Feeding Systems.** A rotary system on the two larger balers adds capacity and improves bale shape. The "565" has a beefed-up Flow-Action® feeder.
- **Increased Reliability.** Heavy-duty materials in the bale case and plunger, and accurate knotters or twisters, complete the story.

Check out the New Holland "565," "570" and "575" square balers... from the hay-baling experts.

DAIRY FARMERS

FLUFF 3 WINDROWS IN ONE PASS

You'll cover acres fast, and bale or chop sooner with the Model 169 tedder. It uses six rotors to ted a wide 22'8" area. That's wide enough to fluff three windrows from a 9' mower-conditioner. Yet transport width is a narrow 9'8" for easy maneuvering. The frame of the "169" is fully articulated, so it hugs the ground to fluff all of your crop for fast drying. Beat the weather with the Model 169. Stop by for details.
