ASK ABOUT THE SWING-AWAY

Platform Feeder

For transferring any feed material from dump boxes, truck boxes, or rear unloading wagons.

Dump whole loads, and head back for more! Needs no tending. Eliminates delays, plugging and down-time.

right-hand delivery shown

The Kelly Ryan Platform Feeder puts the desired steady flow of fresh-cut silage, ear corn, small grain, etc., into blowers, grinders, elevators, or any hopper, without spilling and completely unattended. Your choice of right or left delivery.

Your choice of drives... including P-T-O.

Hydraulic drive Flow control valve permits variable speed unloading. Use the same tractor to power blower, grinder, etc.

Third beater available to handle deeper loads

1 1/2" Apron drive shaft. 1/4" Steel floor with 3" V reinforcing.

Heavy-duty chains driven by specially built gear box.

Quick-attach tongue for moving from spot to spot or farm to farm.

Electric drive Crank adjusted motor mount permits variable speed unloading to suit any particular load.

Knocked-down, ready for the road

Your Source For Quality Grain Handling Equipment
A premium quality galvanized auger designed for low maintenance operation.

The InLine Drive
Unique in design, high in efficiency.

The gearbox is located "InLine" with the actual auger flighting. The outer tube is expanded to allow unobstructed and efficient flow of grain past the gear drive section. This design proves to be both economical and low maintenance in operation.
