

MORE CONTROL

DESIGNED FOR TOTAL PERFORMANCE

The superior design and greater flexibility of the New Holland Model 900 put you in control. This forage harvester is designed to meet the needs of big-crop producers. You get capacity, reliability and efficiency.

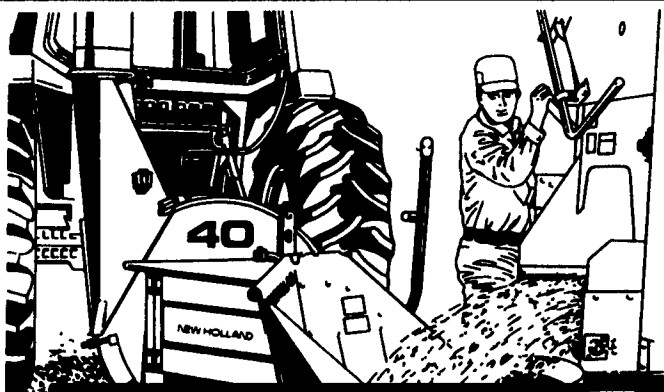

- The massive 21-inch cutterhead uses hardened alloy knives with tungsten edges for a uniform chop.
- Under-knife baffles reduce crop carry-over and increase chopping capacity.
- Exclusive flip-up feedrolls let you inspect the shearbar and smooth roll scraper.
- The electric clutch provides immediate response and positive control of reversing gearbox.
- Optional Metalert® III protects equipment and livestock.

NEW HOLLAND

Get in control with, a New Holland Model 900 forage harvester

SAVE TIME

WHIRL-A-FEED® SPINNING ACTION

The New Holland Model 40 forage blower saves you time at the silo. This 1000-rpm blower features a 48-inch diameter hopper that center-fills silos 80 feet and higher. The Whirl-a-Feed® rotary table spins crops into the blower housing, and material gets off to a fast start up the blower pipe. Spinning action breaks up heavy clumps, and virtually eliminates plugging. There's less drag on the fan, and more efficient use of the tractor's horsepower.

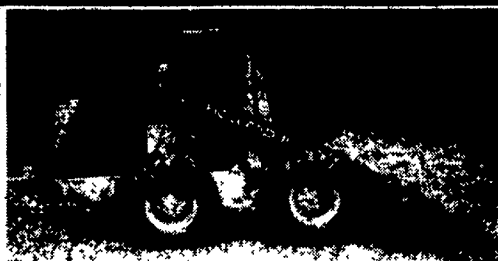

Find out how to save time with the Model 40 from New Holland.
