SHANNON VALE FARMS

From Our Farm To You!
GO DOG GO
ALL NATURAL
GO DOG GO is a natural enzyme enhancer and an excellent combination of vitamins and minerals necessary for the proper health of your dog. Mix it daily in your dog's feed. GO DOG GO adjust the pH in your dogs digestive system to maximize digestion. By doing this, the digestive system can create an organic fermentation which utilizes more of the food. As GO DOG GO mixes with digestive secretions, it creates a natural chemical reaction that produces enzymes. Enzyme production increases absorption and digestion. Your dog gets more nutrition from its food. Because of this increased absorption the intake of food is reduced. This means a feed savings to you! There will also be a reduction in stool. This means less mess for you to clean up! But most of all it means a healthier, happier dog! GO DOG GO will promote shiny coats, brighter eyes, toned muscles, less hyper energy but more "metabolic" energy.
