CASH ADVANCE PROGRAM
Production Flexibility Contracts

If waiting for your Production Flexibility Contract payments is limiting your growth or holding you back on your plans, there is now a solution. The **CASH NOW PURCHASE PROGRAM** allows you to sell your future contract payments for cash dollars today. The flexible nature of the program allows you to:

- Sell all or part of your contract payments depending on the amount of cash you need now. Since this is not a loan, no payments are due directly from you and the cash you receive now does not show up on your books as a loan.
- Repurchase any remaining future payments due, if your needs change later.
- Raise cash, typically within 30-40 days.
- Sell payments on both owned and leased land operations.
- Limit your primary responsibility to remaining in compliance with the Production Flexibility Contract Program.
- Participate in a program that is deliberately designed to allow you full control of your operation. This includes provisions for selling your land, dropping out of the program, buying more qualifying land, and more.

To obtain more information and a written price offer, you need to proceed as follows:

- Contact us. We will send a one page pricing request form. Provide us payment information about your production flexibility contract on the PFC pricing request form. Since we can buy all or part of your contract payments, you need to specify the amount of capital you need now. We will prepare our offer based on your figures.
- Upon acceptance of our offer, we will prepare contract documents for your signature.
- Upon receipt of the signed contract documents from you, we will request any additional information needed and submit the necessary document to The Farm Service Agency for their acknowledgement.
- Once The Farm Service Agency acknowledgement has been received and other conditions of closing have been met, the agreed upon funds are wired to your account.
