Building Blocks for Better Homes

Easy To Use/Design

For steel forms, put together forming exterior walls that are extremely strong and super insulated.

- Cost Effective
- Design Flexible
- Unparalleled Strength
- Super Energy Efficient
- Unequaled Living Comfort

CONTACT: M D Shoemaker
717-653-6224

Your Polysteel Forms tongue and groove design snap together forming insulated exterior walls, with exterior and interior attachment strips for any variety of finishes. The interior form design (post & beam) provides a continuous center of concrete, utilizing 25% less concrete yet providing 50% stronger, per square inch, walls, over standard concrete walls (far exceeding wood or steel frame construction).
