DIRECT X-PRESS SYSTEM

NEW BELT FEEDERS & CONVEYORS

Big Capacity Delivery With All The Advantages Of Dependable, Efficient, Low Profile Direct Drive Design!

That's what farmers really appreciate about the new Jamesway family of Direct X-Press Feeders and Conveyors. All models feature a dependable and efficient heavy duty industrial drive, with enclosed oil bath and standard 1, 2 or 3 H.P. C-laced motors. Our direct drive design eliminates pulleys, jackshafts, sprockets, chains, V-belts and shields. The low profile motor and drive can be mounted on either side for added installation versatility.

Please See Our Ad On Barn Cleaner Chain, Section B Page 9!

ROTO-MIX IV FEED MIXERS

With ROTO-MIX IV you reduce fines, minimize shrinkage, and eliminate dead spots. The gentle tumbling action mixes fragile flaked and high-moisture ingredients without grinding, resulting in a fluffier, more nutritional ration.

The ROTO-MIX end-to-end... side-to-side mixing system provides the most thorough TMR available, ensuring that your cattle will consume a balanced ration of nutrients in every pound of feed they eat

Trailer Models Available For Demo
