

SELL ME THAT GOOD COW THAT YOU CAN'T GET PREGNANT.

If you have one or more good dairy cows that you can't get pregnant; call me. I can use about 100 cows. I will feed an all natural mix; breed them and give you first chance to buy the cow back pregnant. You pick the bull; and seven to eight months pregnant when I sell her at the fair market value. You save money on hauling and shrinkage and I will pay you a little extra for the better cows.

The last time I ran an add for Open Cows Wanted; I got a lot of calls from Dairymen wanting to know what I am doing; then they wouldn't sell me the cow after I told them; so I will just tell you now. I use Formula M on your cow; breed to a top A.I. bull and sell her back to you seven or eight months pregnant. The success ratio is near 100%; but if you know the cow to be cystic; please tell me when you call; because the procedure is different for cystic cows. I will take cystic cows; but it will be helpful if I know they are cystic when I buy them.

I am only interested in the better cows with GP, VG or EXC. Mammary.
I prefer 1st and 2nd calf heifers.
