Lancaster 4-H Therapeutic Riding Program To Hold Event

WILLOW STREET (Lancaster Co.) — The Lancaster County 4-H Therapeutic Riding Program will hold a basket bingo event on Friday, November 14, at 7 p.m. at the Al Starr Community Building (adjacent to the Willow Street Fire Hall) in Willow Street, Pennsylvania. Doors will open at 6:30 p.m.

Tickets must be purchased in advance. Cost is \$15 per ticket which includes three game cards and a chance to win door prizes. Twenty games of bingo will be played. For tickets, call Patti Sauders at 717/293-9280 or Rose Denlinger at 717/786-4189.

Sandwiches and drinks will be offered for sale.

Proceeds from the event will benefit the Lancaster County 4-H Therapeutic Riding Program which is available to children and

adults with a variety of disabilities. Therapeutic riding offers many benefits to the students, including an improvement in their balance, strength, range of motion, coordination, and self-confidence. The program has four sessions which offer six weeks of lessons to approximately 30 students in each session. The program is located at Graystone Manor Stables near Leola. Riders are referred to the program by several organizations, including Schreiber Pediatric Rehab Center of Lancaster County, the S. June Smith Center, Community Services Group, Coatesville Veterans Affairs Medical Center, doctors, and therapists. The Lancaster County 4-H Therapeutic Riding Program is a non-profit organization and conducts several fund-raisers throughout the year.

York Announces Fall Tour

YORK (York Co.) — The York County Holstein Association has announced its plans for a fall tour to University of Pennsylvania New Bolton Center to visit its new greenhouse-style dairy facility.

According to a county Extension newsletter, on Dec. 1, tour participants are to meet at 7:45 a.m. at the county Extension office.

Transportation for the tour is to be several vans. The tour is to depart from the Extension parking lot and travel to another place (location was not available) in the southern end of the county to pick-

up participants from that area.

The tour is to visit the dairy facility at New Bolton and then travel to Longwood Gardens to tour its holiday display.

The cost of the tour is \$18 per adult, and \$12 per child aged 16 or younger. While the tour fee includes the admission to Longwood Gardens, it does not allow for lunch. Plan to bring along a packed lunch.

To reserve a place on the tour, and for more information, call April Cooper at (717) 456-5355 by Nov. 24.

Introducing new
DECTOMAX
Pour-On

When It
Pours...
It Reigns.

POWER

Powerful Formulation Works Long After the Others Call it Quits
Its unique molecule, doramectin, keeps new Dectomax Pour-On working overtime.

Power to Outlast Lice
A recent study with 20 cross-bred beef calves under severe natural challenge showed Dectomax Pour-On controls biting lice 12 weeks to reinfestation and sucking lice 14 weeks to reinfestation.

Powerful Persistence
With one treatment, Dectomax Pour-On controls 31 stages of internal and external parasites.

Power to Outperform the Competition
When it comes to the most economically devastating internal parasite, brown stomach worm, a label-to-label comparison shows Dectomax Pour-On has twice the duration of Ivermectin Pour-On. Ivermectin Pour-On has no labeled duration of activity against this costly parasite.

Powerful Protection from Biting and Sucking Lice Guaranteed
We're so confident in the performance of Dectomax Pour-On, we guarantee it. Ask your veterinarian, animal health supplier or Pfizer Animal Health representative for details about Pfizer's LiceTime Guarantee™ program.

Powerful Convenience
Dosage is 1 mL/22 lb or 10 mL/220 lb applied topically along the midline of the animal's back from shoulder to tailhead. Available in 250-mL and 1-L bottles with handy, easy-to-calibrate dosing cups, and in 2.5-L and 5-L backpacks with easy-to-use draw-off applicators. Pours easily in cold weather. Safe for use in any age or class of beef cattle, including calves, pregnant cows and bulls. Labeled for use in dairy replacement heifers up to 20 months of age.

Data available upon request. Ivermectin and Eprinex are trademarks of Merck Limited.
