## The CLAAS<sup>®</sup> Quadrant 1200 square baler—The new standard equipment for commercial operators

CLAAS doesn't have to sell a commercial operator on the advantages he gets from large, densely-packed square bales

Yes, the Quadrant 1200 delivers the density commercial operators want Yes, its bales inhibit spoilage by keeping the air out Yes, they preserve quality because they minimize nutrient loss. The 1200 also offers the high produc-

tion capacities you demand lis 4 ft x 2l/4 ft x up to 8 ft long bales effectively increase storage space and dramatically increase transport capacities—all at a high productivity rate And you know what this means to your bottom line

The Quadrant makes easy work of dry hay, hay lage and stlage crops---whatever you've got And it bales as much of it as you've got

CLAAS's shaft-driven knotters have earned a worldwide reputation for reliability and low maintenance Other notable features are its 3-stage pre-chamber, 78" wide pickup, powerful transmission, heavy-duty worm gear, 1000rpm pto, hydraulic density control, capacity for up to 24 balls of sisal or plastic twine, and of course 6 dependable CLAAS shaft-driven knotters

Production capacity Convenient handling and storage Economical transport Density and quality A better bottom line. For more information about the Quadrant and how it can meet your commercial needs, contact the CLAAS dealer listed below

Incidently, CLAAS quality is also available in a smaller Quadrant model designed for dairy operators

## Pick the Deal that's Best for You!
