

# Improving THE BOTTOM LINE

Master Mix Feeds has helped us approach an 18,000 RHA on 150 Jerseys. Our Master Mix Feeds nutritionists have shown us they understand our goals and have helped us fine tune our feeding program. We're very proud of reaching this level of production, and are looking to the future and ways to economically increase our production even more. Our Master Mix Feeds representatives have consistently shown us their interest, commitment and availability to working with us to identify and solve areas of concern as they arise.

Jim and Sharon Osborn, Queen Acres Farm, Union Bridge, MD.

**PERFORMANCE  
UPDATE!**

Queen Acres Boomer Celeste, has set the all time United States Jersey production record! Her 6-7 365 day production record is an incredible 38,030 mil, 1,732 fat and 1,333 protein! What an incredible record!

The Osborne's RHA for their 115 cow Jersey herd is currently at 18,895 milk, 704 fat, and 871 protein. This places them sixth in the nation for protein, seventh for milk and tenth for fat for herds between 80 and 149 cows!

Master Mix Feeds is proud to be a part of such a successful operation, and wish the Osborne's continued success.
