Super Rugged Commercial Grade

WHY CURTIS?

FEATURE 1 HIDE AWAY HYDRAULICS
Our hydraulic lanky tucks away our power system. No belts and pulleys under the hood and no ugly box on the front of your truck. A 1/4" skid plate and gasketed top cover are also standard features. This system allows superior airflow to radiator and provides instant down pressure with added weight on the cutting edge.

FEATURE 2 EXTENDED PUSH FRAME
Clearly the widest push frame on the market. ADVANTAGE superior distribution of force through the plow system and not the vehicle frame.

FEATURE 3 PLATE STEEL A FRAME
The 1 1/2" laser cut frame system joins 3 main members for a raw strength unequalled by the competition. 1" angle iron frames.

FEATURE 4 FORMED CROSS MEMBERS
Our modern designed moldboard features an 18° contact angle for a superior glide trip in most snow conditions.

FEATURE 5 FOUR PIN PIVOT FRAME
Spreads weight evenly across frame and adds support to lower section of plow.

FEATURE 6 ATTACK ANGLE
Our modern designed moldboard features an 18° contact angle for a superior glide trip in most snow conditions.

FEATURE 7 GRILLE MOUNTED LIFT SWITCH
Allows operation of lift cylinder from front of truck to assist in plow installation.

Compared to the rest...
