- Woods 74" Single Auger
- Allied 96" Double Auger.....\$2,600

SEE WHAT SATISFIED CUSTOMERS SAY ABOUT THE CLAAS HARVESTER

...the most fuel efficient and raw powered engine on the farm, don't ever change the Mercedes! The straight flow design of the cutting system provides efficient use of the corn cracker.

...I am very impressed with the simplicity of design and the workability for service. The capacity of the CLAAS exceeded my expectations. My customers are very pleased with the uniformity of the chop length and the benefits of the corn cracker.

...The CLAAS has accessibility to all locations of the machine for maintenance and service. The Auto-Lube system was a major time saver. The fuel consumption with the Mercedes is 15% to 20% less per ton than my previous competitive machine.

...The CLAAS chopper is a well thought out, well planned, operator friendly machine built to stay running!

Come To Our Open House Day, January 28
