

# 210 FFA Keystone Recipients Help Build The Future

(Continued from Page 6)

**Lisa Zack**

Lisa Marie Zack, 17, daughter of Mr. and Mrs. John Zack of Blairsville, is secretary of the United FFA Chapter, and has served as chairman and co-chairman of the chapter's Banquet, Demonstration and Food Committees. Her projects include swine production, swine finishing, and vegetable and flower production. She won awards for creed speaking, and earned her Greenhand and Chapter degrees. She said she plans to pursue at least a couple of educational degrees, starting with one in government and public service, followed up by one in business law. She said she also intends to study languages, such as Spanish.

**Billie Jo Zeigler**

Billie Jo Zeigler, 17, daughter of Steve and Jackie Zeigler of Carlisle, has served as vice president and sentinel of the Cumberland Valley FFA Chapter. Her committee participations have been in the chap-

ter's Animal Visits, National FFA Week, Spring Fundraiser, and Spring Trip committees. Her projects include sheep breeding, sheep finishing, and goat finishing. She has won a Star Greenhand award as well as a gold medal from state competition in record keeping. She has earned her Greenhand, Chapter and Area degrees. She is to attend Juniata College entered in pre-veterinary studies.

**Harold Zeiset Jr.**

Harold Zeiset Jr., 18, son of Harold and Iris Zeiset of East Earl, has served as chapter vice president of community development for two years, and has been involved in the chapter's Recreation and Community Development committees. His project include raising pheasants and quail in a partnership, as well as doing habitat improvements. He won a Star Greenhand award, and three gold state and county awards for record book keeping, a second place in the county in aquatics contest, fourth in region, second at states; and sixth in states for wildlife knowledge. With Greenhand, Chapter, and Red Rose degrees, he said he plans to work for his father after being graduated from high school. Someday, he said, he would like to own a hunting preserve.

**Luke Zerby**

Luke Zerby, 18, son of Nevin and Isabel Zerby, of Beavertown, is president of the West Snyder FFA Chapter, and president of the SUN Area FFA. He has also served as his chapter's vice president of community development. He has been involved in the Food For America, Citrus, and Chicken Barbecue committees. His projects include breeding and finishing of sheep and beef, raising grain corn and alfalfa. He won a Star Greenhand award, and a state proficiency award in diversified livestock. He was also the recipient of the SUN Area and Northcentral Regional Star Farmer awards, and won state gold awards for record keeping, chapter procedure, livestock judging and extemporaneous speaking. He said he intends to study dairy and animal science at Penn State University.

**Eric Zimmerman**

Eric Zimmerman, 18, son of Harry and Elizabeth Zimmerman of East Earl, has served on the SAE, Recreation, and Support Group committees of the Grassland FFA Chapter. His project has been wildlife management, and he won awards for record book keeping and was fourth in the state in a wildlife contest. With Greenhand, Chapter and Red Rose degrees, he said he has his sights on becoming a state Game Commission wildlife conservation officer.

**Joanne Zimmerman**

Joanne Zimmerman, 18, daughter of David and Joyce Zimmerman of Reinholds, is president of the Cloister FFA Chapter, having served as its secretary, reporter and secretary. She has been involved in the chapter Recreation and Game committees. Her projects include raising capons, doing farm work, research, raising veal calves, and home improvement. She has won a

Your Jamesway Dealer has loads of information - including an in-depth video - about Big Jim B.U.C.S., the Bottom Unloader Conversion System by Jamesway. See how you can get faster unloading, increased capacity, better quality feed and reduced maintenance in your steel, poured concrete or concrete stave silo. You can even tour a farm with a B.U.C.S. installation at work. So call your Jamesway Dealer now and get the expert advice you need!

### ROTO-MIX FEED MIXERS

The ROTO-MIX professionals know that quality feed means increased consumption, therefore, higher production levels. With ROTO-MIX IV you reduce fines, minimize shrinkage, and eliminate dead spots. The gentle tumbling action mixes fragile flaked and high-moisture ingredients without grinding, resulting in a fluffier, more nutritional ration.

Nothing robs a ration of nutritional value more than fines. Conventional auger mixers use pressure to move the feed through the mixing chamber, thus crushing the feed and creating fines. But the ROTO-MIX patented mixing system uses a rotor to gently lift the feed past the wedging point of the lower side auger, keeping fines to a minimum and reducing nutritional loss.

Even the most nutritious ration is effective only if the cattle eat the complete ration. Improperly mixed feed allows the cattle to "nose out" what they don't want, disrupting the balance of nutrients. But the ROTO-MIX end-to-end...side-to-side mixing system provides the most thorough TMR available, ensuring that your cattle will consume a balanced ration of nutrients in every pound of feed they eat.

Check all the ROTO-MIX advantages...  
the bottom line is what counts.
