

**NO OTHER
MILL CAN
MATCH THIS ONE FOR
CAPACITY/H.P. RATIO**

Big capacity with drastically less horsepower requirement. Big capacity hopper with hydraulic loading auger. Big capacity blower to deliver to the top of the silo.

Automatic

**Automatic
SOILMOVER**

**DO IT
YOUR-
SELF
WITH
A
SOIL-
MOVER**

LEVEL IT

The cheapest land you can buy is the land you save by eliminating low spots. There's a Soilmover with precision cut and controlled spread for best results. Laser capability provides pin-point accuracy. Soilmover makes your land its level best.

SCRAPE IT

With your tractor and a Soilmover, you can keep feedlots cleaner, handle manure easier... even build a complete run-off system or manure-handling facility.

DAM IT

Create a dam as part of a run-off control program. Build or repair terraces and do it all with your tractor and a Soilmover. No one offers a more complete line of farm-size scrapers. Soilmover — the Problem Solvers.

NAVIGATOR[®] STRESS-FREE ROW CROP GUIDANCE

- Unique design keeps the implement parallel with the rows even when the tractor moves laterally as it drifts off course. Most other systems oversteer the toolbar which adds damaging side pressure to the stabilizing coulters.
- Automatically compensates for sidehill drift.
- Eliminates excessive pull and stress on hydraulic components associated with other guidance systems.
- Very few moving parts provide smooth, friction-free lateral movement.
- Works effectively on all conventional and ridge-till cultivators, planters and 4-wheel drive articulated tractors.

MANURE SPREADER FOUR MODELS TO CHOOSE

MODEL 170
5 Ton Unit

MODEL 200
6 Ton Unit

Nu Hawk manure spreader offers four ways to electrically handle your fertilizing needs. Each model provides an option for any size operation at an easy to handle price.

MODEL 240
7 Ton Unit

MODEL 350
10 1/2 Ton Unit

**Your Source For Quality
Grain Handling Equipment**
A premium quality galvanized auger designed for low maintenance operation.

Mayrath introduces the all new "InLine Drive" series of portable grain augers. Mayrath has combined operational efficiency with long term dependability providing you with a high quality, GALVANIZED auger at a very affordable price. The revolutionary "InLine Drive" system minimizes the number of moving parts... greatly reducing costly down-time and maintenance in the future.

**Mayrath
InLine
Drive**

**Several
Sizes In
Stock
Ready
For Work**

DIAMETER	CAPACITY	LENGTHS
8"	3200 BPH	32', 42', 52', 62', 72'
10"	4500 BPH	32', 42', 52', 62', 72'

*The InLine Drive
Unique in design, high in efficiency.*

The gearbox is located in-line with the actual auger flighting. The outer tube is expanded to allow unobstructed and efficient flow of grain past the gear drive section. This design proves to be both economical and low maintenance in operation.

Ask About The Swing-Away

Platform Feeder

For transferring any feed material from dump boxes, truck boxes, or rear unloading wagons.

Dump whole loads, and head back for more! Needs no tending. Eliminates delays, plugging and down-time.

right-hand delivery shown

The Kelly Ryan Platform Feeder puts the desired steady flow of fresh-cut silage, ear corn, small grain, etc., into blowers, grinders, elevators, or any hopper, without spilling and completely unattended. Your choice of right or left delivery.

Your choice of drives... including P-T-O.

Hydraulic drive Flow control valve permits variable speed unloading. Use the same tractor to power blower grinder etc.

1 1/2" Apron drive shaft 1/2" Steel floor with 3" V reinforcing

Third beater available to handle deeper loads

Quick-attach tongue for moving from spot to spot or farm to farm

Electric drive Crank adjusted motor mount permits variable speed unloading to suit any particular load

Knocked-down, ready for the road
