

HOOPER HOOPER PARTS & SERVICE

THERE IS NO TRACTOR THAT COMPARES TO THE MODEL 9330

MORE THAN A TILLAGE TRACTOR. Pull your BIG BALER or Pack Sillage or Pull your PLANTER or GRAIN DRILL or ANYTHING Else you want to do - A 9330 STEIGER 4 Wheel Drive Tractor Will Do It.

CHECK IT OUT:

- 1) A smaller frame than other 4WD tractors under 300 Horsepower allows it to handle easily in small Eastern fields.
- 2) A rugged 505 cubic inch engine with high torque rise pulls through the tough spots.
- 3) The articulated steering allows it to turn in less space than any front wheel assist tractor.
- 4) A price that is lower than most 225 HP front wheel assist tractors.

And the STEIGER'S Fuel Efficiency is Legendary...

STEIGER tractors put every drop of fuel to good use! Their claim to having the industry's most reliable power sources in the 4-wheel drive tractor category is hard earned. The engine that powers the STEIGER 9330 offers the optimum combination of pure power, torque rise and fuel efficiency. Combination is the important term. What good is a big power bulge if fuel requirements and costs grow in a similar way?

OTHER STEIGER MODELS

| Model | Horsepower (kW) |
|-----------------------|-----------------|
| 9330 | 240 HP (179 kW) |
| 9330 Row Crop Special | 240 HP (179kW) |
| 9350 | 310 HP (231 kW) |
| 9350 Row Crop Special | 310 HP (kW) |
| 9370 | 360 HP (268 kW) |
| 9380 | 400 HP (298 kW) |
| 9390 | 425 HP (317 kW) |
| QUADTRAC | 360 HP (268 kW) |
