The remarkable new Millcreek Row Mulcher automates application of mulch and compost to any row crop.

Apply compost and organic mulch to any row crop automatically

From tree fruit to vegetable beds, from bramble crops to vineyards, organic mulch and compost can reduce chemical input for weed suppression, retain soil moisture, and improve soil fertility by adding organic matter to sandy and clay soils.

Now Millcreek eliminates the costly labor needed for organic mulch and compost application. The remarkable new Millcreek Row Mulcher works with all types of organic material, and even lets you adjust the depth and width of the mulch rows.

Starting under \$5000, no other machine compares when it comes to capabilities, versatility, and cost effectiveness. Rugged construction. Five sizes, from 3 4 to 13 cubic yard capacity. Custom designs. Call today for a free color brochure, or to discuss your specific needs.
